

## Compliance Information

### FCC Information

This device complies with Part 15 of the FCC Rules.

**Caution:** Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### Radiation Exposure Information

This device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

### WARNING Li-ion Battery Inside

This product is fitted with a Li-ion battery. Do not damage, open, or dismantle the battery and do not use it in damp and/or corrosive conditions. Use only with compatible chargers. Never dispose of batteries in a fire, and never expose them to high temperatures. Do not expose the product to temperatures exceeding 60°C (140°F).

### Rating Label Definitions

— — Direct current symbol.

This symbol signifies the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment.

This symbol signifies and declares that this equipment has battery charging which complies with California CEC and energy efficiency.

This symbol signifies that this is a wireless device powered by Bluetooth® technology. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., used under license.

### Caution

To ensure safe and proper use, read all safety information before using the device. Only use with manufacturer-approved batteries, chargers, accessories, and supplies.

#### • READ CAREFULLY AND KEEP THIS MANUAL

• **THIS DEVICE IS NOT A TOY, do NOT allow children or pets to use or play with this device.**

- Do not disassemble, modify, or repair the device. Do not attempt to repair the device yourself should it not be working.
- Do not expose the unit to extreme temperatures (heat or cold), open flames, humid, or wet conditions.
- Do not submerge in water.
- Low power may cause poor Bluetooth connection or sound distortion.
- Do not overcharge battery.
- If using with a USB adapter, make sure the adapter is not damaged.
- Do not allow the USB port or the connectors of the supplied USB cable to be exposed to dust, or water, or come into contact with any conductive materials such as liquids, metallic powders, etc.
- This device should not be disposed of with regular household waste. Please consult the local authorities on the correct way to dispose of this device.

### Questions & Customer Support

For questions, troubleshooting or any other assistance, visit our website at **SouthernTelecom.com** and click on **Product Support**.

## Location of Controls

## Charging the Headset

Insert the small connector of the included USB charging cable into the micro-USB charging port on the left side of the headset. Insert the large connector into the USB port on a computer, or into a **5V USB adapter** (not included) and plug into an electrical outlet.

The LED indicator will **turn RED** while the headset is charging and turn OFF when fully charged. On low power, a tone will be heard, indicating that the headset needs to be recharged.

## Powering ON/OFF

- Press and hold the [M] button to power the headset ON.
- When powered ON, the headset will automatically reconnect to any previously-paired device in range with Bluetooth enabled.
- Press and hold the [M] button to power the headset OFF.

## Getting Started

### Listening to Music

To listen to music on the headset, you must be paired to a Bluetooth-enabled device. See the **Bluetooth Pairing** section below. Once paired, playback and volume adjustment can be controlled with your connected device, or with the headset controls listed below.

- Press the [M] button to pause and resume playback.
- Press the [+] and [-] buttons to skip tracks.
- Press and hold the [+] and [-] buttons to adjust volume.

### Bluetooth Pairing

1. Power the headset ON. A voice will be heard, the headset will enter Bluetooth pairing mode, and the LED indicator will **flash RED and BLUE**.
2. Set your mobile device to search for Bluetooth devices. When it appears, select **TXBTFLEX** from the list of found devices.
3. After a successful pairing, a voice will be heard and the LED indicator will **turn solid BLUE**.

### Phone Functions

You must be paired to a Bluetooth device to use the headset's phone functions. See the **Bluetooth Pairing** above for pairing instructions.

- Press the [M] button to answer an incoming phone call or end an existing call.
- Double press the [M] button to redial the last outgoing phone number called on your connected device.
- Press and hold the [M] button to reject an incoming call and send straight to voicemail.
